Emotional Trauma: Adaptation Is Intelligent 情緒創傷：適應其實是一種智慧

When children cannot change their environment, they learn how to function within it.
當孩子無法改變環境時，他們會學習如何在那個環境中生存與適應。

Adaptation 適應方式	Original Message 原始訊息	What It Protected 它保護了什麼
"Don't need anyone." 「不要需要任何人。」	Protects against disappointment	保護自己不再失望
"Keep everyone happy." 「讓所有人都開心。」	Protects against conflict or rejection	避免衝突或被拒絕
"Be perfect." 「一定要完美。」	Protects against criticism or shame	避免批評或羞愧
"Don't feel." 「不要有感覺。」	Protects against overwhelm	避免情緒過度強烈
"Take care of everyone." 「照顧所有人。」	Maintains safety, value, or belonging	維持安全、價值或歸屬感
"Stay invisible." 「不要讓人注意到我。」	Protects against criticism	避免被批評
"Stay in control." 「掌控一切。」	Protects against unpredictability	避免面對未知與不確定時的不安
"Don't trust." 「不要相信別人。」	Protects against being hurt again	避免再次受傷

📌 These adaptations may once have been solutions that helped protect us.
這些適應方式可能曾經是保護我們的解決方法。

When Protection Becomes a Hindrance 當保護開始成為阻礙

What protected me THEN 過去保護我的方式	Adaptation 適應方式	How it may hinder me NOW 現在可能帶來的阻礙
I don't need anyone 我不需要任何人	Self-sufficiency 自給自足	Difficulty receiving help or intimacy 難以接受幫助或親密
Keep everyone happy 讓大家都開心	Pleasing 討好	Lose touch with needs & boundaries 忽略自己的需要與界線
Be perfect 一定要完美	Perfectionism 完美主義	Shame / anxiety around mistakes 犯錯時感到羞愧／焦慮
Don't feel 不要感受	Emotional shutdown 情緒封閉	Numbness / disconnection 情緒麻木／失去連結
Take care of everyone 照顧所有人	Caretaking 照顧他人	Exhaustion / difficulty receiving care 耗盡／難以接受照顧
Stay invisible 不被看見	Hiding 隱藏	Difficulty speaking up or being known 難以表達自己或讓人認識自己
Stay in control 保持掌控	Control 控制	Uncertainty feels threatening 不確定感令人害怕
Don't trust 不信任	Guardedness 防備	Protected from hurt — and closeness 避免受傷，也避開了親密

 **What protected us then can keep us from what we need now.**
曾經保護我們的方式，也可能阻擋我們得到現在真正需要的東西。

AEDP's Healing Stance: We Are Wired for Healing AEDP 的療癒觀：我們天生具有療癒的能力

Trauma shapes us, but it does not have the final word.
創傷會塑造我們，但它不必決定我們故事的結局。

TRANSFORMANCE 轉化動力

An innate drive toward healing, vitality, authenticity, and growth — even after pain.
內在朝向療癒、生命力、真實與成長的動力——即使受過傷，這股力量仍然存在。

療癒 Healing • 生命力 Vitality • 連結 Connection • 真實 Authenticity • 成長 Growth

Natural Signs of Healing & Vitality 自然療癒與生命力的例子

- A wound → naturally moves toward healing
傷口 → 自然朝向癒合
- A frightened child → seeks safety and comfort
害怕的孩子 → 尋找安全與安慰
- Feeling understood → the body naturally begins to relax
被理解 → 身體自然開始放鬆
- Grief held safely → emotions begin to flow
悲傷被安全地陪伴 → 情緒開始流動
- Adaptations & defenses → once worked hard to protect life, connection & safety
適應與防衛 → 曾經努力保護生命、連結與安全

Don't attack the protection.
不要攻擊那個保護自己的部分。

Understand what it protected — then help something new become possible.
先理解它曾經保護了什麼，再讓新的可能性慢慢出現。

療癒不是要除掉那些曾經幫助我們生存、保護自己的方式。
Healing is not about getting rid of the ways we learned to protect ourselves and survive.
而是慢慢建立足夠的安全與連結，
It is about gradually experiencing enough safety and connection
讓那些曾經努力保護我們的方式，不再需要那麼辛苦地工作。
so that the ways that once worked so hard to protect us no longer have to work quite so hard.

Healing Happens in Relationship 療癒發生在關係中

Undoing Aloneness 不再獨自承受

OLD LEARNING 舊的學習	NEW EXPERIENCE 新的經驗
"I have to handle this alone." 「我只能自己處理。」	"Someone is here with me." 「有人願意陪我。」
"My feelings are too much." 「我的情緒太多了。」	"Someone can stay with me when I feel." 「即使我有情緒，也有人願意留下來。」
"If you really know me, you'll reject me." 「如果你真的認識我，你會拒絕我。」	"I can be known and still accepted." 「我可以被真正認識，也仍然被接納。」
"My needs are a burden." 「我的需要是別人的負擔。」	"I can have needs and remain connected." 「我可以有需要，也仍然保持連結。」
"Relationships are dangerous." 「關係是危險的。」	"Some relationships can become places of safety and healing." 「有些關係可以成為安全與療癒的地方。」

 **We are shaped in relationships. And new relational experiences can help reshape us.**
我們在關係中被塑造，也可以在新的安全關係經驗中慢慢被重新塑造。Healing can happen when we have a new and corrective emotional experience. 當我們經歷一個新的、具有修復性的情緒與關係經驗時，療癒就可能開始發生。

From Old Adaptation to New Experience 從舊的適應方式走向新的經驗

1 NOTICE 覺察

What is happening inside me? 我內心發生了什麼事?

2 UNDERSTAND 理解

What is this feeling trying to tell me? 這個感受想告訴我什麼?

3 HONOR 尊重

How did this adaptation once protect me? 這個適應方式以前如何保護我?

4 NOTICE THE COST 看見代價

How is it limiting me today? 今天它如何限制我?

5 RISK SOMETHING NEW 嘗試新的可能

What might I do differently if I felt safer? 如果我更安全，我可能會做出什麼不同的選擇?

6 CONNECT 連結

Who is safe enough for me to practice with? 誰是足夠安全、可以讓我練習新方式的人?

7 TAKE IT IN 接受新的經驗

What is it like when someone responds differently than I expected? 當別人的回應和我原本預期的不一樣時，那是什麼感覺?

📖 These steps can unfold in relationship with safe others, with a professional therapist, and with God. 這些步驟可以在安全的人際關係中、在專業治療師的陪伴下，以及在與神的關係中慢慢展開。

Where Can Healing Happen? 療癒可以在哪裡發生？

These new experiences can happen in a safe marriage, friendship, mentorship, pastoral relationship, support group, or therapeutic relationship. 這些新的經驗可能發生在一段安全的婚姻、友誼、師友關係、牧養關係、支持團體或治療關係中。

A Safe Relationship Usually Has These Qualities: 安全的關係通常具有一些特質：

安全 Safety

我不需要害怕因為表達真實的自己而被羞辱、威脅、操控或懲罰。 / I do not need to fear being shamed, threatened, manipulated, or punished for expressing my true self.

有回應 Responsive

當我伸出手時，對方會注意、關心並有所回應，而不是長期忽略或否定我。 / When I reach out, the other person notices, cares, and responds — rather than consistently ignoring or dismissing me.

尊重界線 Respects Boundaries

當我說「不」、需要空間，或還沒有準備好分享時，對方能夠尊重我的界線。 / When I say "no," need space, or actively not ready to share, the other person respects that.

用心聆聽與理解 Attuned

對方不只是聽我說話，也願意試著理解我內在的感受與經驗。 / The other person doesn't just hear my words — they try to understand my inner feelings and experience.

接納 Acceptance

我可以有不同的感受、需要或觀點，而不必因此失去這段關係。 / I can have different feelings, needs, or perspectives without losing the relationship.

可靠 Trustworthy

對方的言語和行動大致一致；關係不是一下非常親近、一下又完全消失。 / Their words and actions are generally consistent; the relationship is not intensely close one moment and completely absent the next.

可以修復 Capable of Repair

安全並不代表永遠不會有誤解或衝突。重要的是，當彼此受傷或誤解時，能不能回來談、承認、道歉、理解，並重新建立連結。 / Safety doesn't mean there are never misunderstandings. What matters is whether repair is possible — coming back, acknowledging, apologizing, and reconnecting.

📌 These qualities invite us to ask not only, "Who is a safe person for me?" but also, "How can I become a safer, more trustworthy person for someone who is hurting?"

這些特質邀請我們不只問：「誰是我可以信任的安全對象？」也問：「我可以如何成為一個更安全、更值得信任的人，陪伴正在受傷的人？」

When to Seek Professional Help 什麼時候應該尋求專業幫助？

- When pain from the past keeps affecting your present relationships / 當過去的傷痛持續影響你現在的關係
- When you find yourself repeating painful patterns / 當你發現自己不斷重複痛苦的模式
- When you want a safe space to explore your inner world / 當你想要一個安全的空間來探索自己的內在世界
- When anxiety, depression, or numbness feels hard to manage alone / 當焦慮、憂鬱或情緒麻木變得難以獨自面對時
- When you feel stuck and don't know why / 當你感到卡住，卻不知道原因
- When you sense there is more healing available to you / 當你感覺自己可以經歷更深的療癒時

📄 **Seeking professional help is a sign of courage, not weakness. A trained therapist can offer a safe, consistent relationship where new emotional experiences become possible.**

尋求專業幫助是勇氣的表現，不是軟弱。受過專業訓練的治療師可以提供一段安全、穩定的治療關係，讓我們有機會經歷新的情緒與關係經驗。

Healing With God Doesn't Mean Avoiding Our Feelings 與神一起療癒，不代表逃避情緒

Instead of... 不是...

"I shouldn't feel this way." 「我不應該有這種感覺。」

"I just need more faith." 「我只是信心不夠。」

"I need to get over this." 「我應該趕快放下。」

"If I trusted God, I wouldn't need anyone." 「如果我真的信靠神，我就不應該需要別人。」

Try... 而是嘗試...

"God, help me understand what I'm feeling." 「神啊，幫助我明白此刻心裡的感受。」

"God, meet me in the part of me that is afraid." 「神啊，求祢在我的害怕中與我相遇。」

"God, help me stay with what needs Your compassion." 「神啊，幫助我幫助我停留在這份感受中，讓我經歷祢的憐憫。」

"Perhaps receiving safe human connection is one of the ways God cares for me." 「也許，讓自己接受安全、可信任之人的陪伴，也是神關愛我的一種方式。」

Faith does not require us to stop being human. It gives us a relationship in which we can bring our humanity.

信仰不是要我們否定自己的感受和需要，而是讓我們可以帶著真實的自己來到神面前。

A Quiet Invitation & Closing 一個安靜的邀請與結束

Think of something you recognized today. Not your most painful memory. Just something you can safely notice.

想一想今天你注意到的一件事情。不要選擇你最痛苦的創傷記憶。只選擇一件你可以安全地留意的事情。

03

How did that help me then? 它當時怎樣幫助了我？

04

How might it limit me now? 它今天可能怎樣限制我？

05

What did I need then? 當時的我需要什麼？

06

What might I need now? 現在的我可能需要什麼？
